

Official Addresses of Pension Funds

The Illinois Department of Insurance, Pension Division has been receiving requests from different individuals, organizations, law firms, banks, etc. requesting information sent out by the division, either for all information or certain categories of information be sent to them instead of the address we have on file for the individual fund. With almost 600 downstate police and fire pension funds these requests would not be fiscally or physically possible, nor prudent for the Pension Division to attempt.

Our policy is to send out all information to each pension fund to the address on file, the address must be a business address and may only be changed by a written request from the Secretary of the Pension Fund. The Pension fund is responsible for forwarding information received to the appropriate party

Above is the current address on file for your fund. If your fund would like to update this address please fill in the changes below, sign, and return to the department.

Name of Fund _____

Address _____

City _____ Zip code _____

Signed _____

Secretary
